

GPC

Heavy Duty Floor Cleaner/All Purpose Manual Cleaner

GPC is a concentrated liquid alkaline cleaner designed for difficult industrial cleaning applications.

GPC contains strong emulsifying agents for quick soil penetration for heavy duty cleaning.

GPC components are on the “indirect” food additives list as a processing aid for use on food contact surfaces followed by a rinse.

Uses:

Automatic Floor Scrubbers

Use at 2 to 10% by volume depending on soils and frequency of application.

Steam Cleaning

Use at 1 to 5% by volume.

Manual Cleaning of Equipment

Brush on at 5 to 10% by volume; rinse with steam or clean water.

General Cleaning with mop & bucket or spray bottle.

Use at 1 to 5% by volume.

Physical Properties

Appearance	Clear liquid	Odor	Mild
Biodegradable	Yes	pH @ 1%	~10.5
Specific Gravity	1.05	Flash Point	None
Emulsification	Rapid	Wetting Ability	Excellent
Foaming	Controlled/Low	Rinsing	Excellent

Environmental

No health or safety hazards exist when Chemtrol GPC is used, stored, and disposed of in accordance with instructions on the Material Safety Data Sheet for this product.
